## Tai Chi Youth Expansion

After six years of Tai Chi Kids and Shaolin Kids programs at the YMCA, we are shifting our programs over to L.A.Parks & Recreation, where we have been teaching Tai Chi and Kung Fu Bootcamps since 2007.

L.A.County Parks & Recreation Department can provide us with the facilities for the afternoon youth classes Mondays through Thursdays, in several locations. This is a real opportunity for us and our students.

We are also providing more scholarships, thanks to our donations and grants.

Tai Chi Youth was launched in 1996, to provide youth at risk with the education required to create better lifestyles and futures for them. Our programs have been taught in elementary schools, middle schools, high schools, colleges, parks, YMCA, YWCA, rehabilitation programs, and a maximum security prison. In each of these school locations we proved that Tai Chi Youth can cure sleeping disorders, health problems, drug addiction, obesity, and eliminate the need for prescription drugs.

Scholarships have been provided to a wide variety of youth at risk, Big Brother organizations, Big Sister organizations, resulting in many students claiming that, *"Tai Chi Youth improved my life."*

We are excited to offer the Tai Chi Youth programs to more communities. We are also in preproduction to create instructional videos and online lessons for youth at risk worldwide.

Thanks to all our supporters, and students for helping make the world a better and happier place.
